

5000 Vocarb

Optimal Air Filtration for Homes & Businesses

Medical-grade HEPA to remove 99.97% of airborne particles (pollen, dust, mold, bacteria, viruses, pet dander) down to 0.3 microns in size. The unit also features an 18 lb. activated carbon filter that uses a specially-blended activated carbon mix to remove VOCs (volatile organic compounds) which are the most common and lethal chemicals in the home.

Why AllerAir Air Purifiers

Backed by unparalleled expertise in air quality control and a superior filtration system, AllerAir air cleaners are individually customized to target the airborne pollutants of concern in the environment. Our units offer more filtration media than any other manufacturer, with the deepest carbon bed filters for chemicals, gases and odors, and superior medical-grade HEPA filters for particle control.

Cleaner Indoor Air

Clean air is recognized as a vital component for overall comfort, workplace health and safety as well as productivity. According to research from leading organizations like the EPA, WHO and Health Canada, indoor air pollution may pose more of a public health risk in North America than outdoor air pollution.

Green Features

- All-metal housing
- Ozone-free filtration technology
- Energy efficient
- Refillable carbon canisters
- Styrofoam free
- North American sourced parts and materials
- North American assembly

Technical Specifications

Carbon Filter	18 lb.
HEPA Filter & Pre-filters	Medical-grade HEPA, Pre-filter
Options	UV Light, Custom Carbon Blends
CFM	400 Free flow
Voltage	115V/60Hz or 230V/50Hz
Dimensions	20.5" (height) x 15" (diameter)
Shipping Weight	Approx. 50 lbs.
Available Colors	Black, Sandstone, White, Pewter, Red, Copper, Silver, Glossy Black
