

I-6500 A 160

Superior Air Cleaning for Chemicals, Gases, Odors and Particles

This advanced carbon and HEPA filtration system removes a wide range of complex airborne pollutants including chemical compounds, gases, odors, bacteria and viruses.

The Electrocorp Advantage

Backed by unparalleled expertise in air quality control and a superior filtration system, Electrocorp cleaners are individually customized, industrial air filters that target airborne pollutants. Our units offer more filtration media than any other manufacturer, with the deepest carbon bed filters for chemicals, gases and odors control. These units provide meticulous air cleaning for environments where chemicals, gases, odors and biological contaminants are the main concern.

Technical Specifications

| | |
|-------------------|--|
| Carbon Filter | 160 lbs. |
| Filtration System | Particle & dust pre-filter |
| CFM | 750-1000 |
| Dimensions | 70" x 24.5" x 21" (H x W x D) |
| Shipping Weight | Approx. 410 lbs. |
| Options | Custom carbon blends UV lamps in 10 or 20 watts |

Eco-Friendly Features

- Metal Housing
- Ozone-free
- Energy efficient
- Refillable carbon canisters
- North American parts and materials
- North American assembly
