## Seated Shower

Safe & Accessible Solutions

Safe and Comfortable Bathing For Everyone

[americanstandard.com](http://americanstandard.com)

## EASY INSTALLATION

Designed to fit in a standard 60" opening, the new Seated Safety Shower™ can be installed into any standard bathtub opening and can be equipped with a standard shower curtain or shower doors making it a convenient and easy addition to any bathroom. Our Wrap-Around Grab Bar, Slip-Resistant Floor and a low threshold make showering convenient and safe.

## LOW MAINTENANCE CONSTRUCTION

Our unique one piece acrylic construction installed on a strong free standing steel support frame eliminates the need to caulk seams in the shower well that ordinarily attract mold and mildew and require constant maintenance. Our hi-gloss, non porous acrylic construction insures a clean, long lasting bathing environment.

## 3060SH - ACRYLIC SEATED SAFETY SHOWER™

Until now, seated showers were nothing more than standard shower stalls retrofitted with bolt-on grab bars and temporary plastic seating. Using cutting edge technology, the revolutionary new Seated Safety Shower™ by American Standard has been designed from the ground up as a wholly-integrated unit that comes complete with multiple ground breaking features:

### FEATURES

- One Piece - Highly Durable and Luxurious Cast Acrylic Construction
- Wide, Full-Sized, Chair High Seat
- Secure, Built-In, Wrap Around Safety Bar and Slip-wResistant Floor
- Comfortable Built-In Armrest and Convenient Accessory Ledge
- Strong, Free Standing Metal Support Frame With Five Leveling Feet

## SAFE, COMFORTABLE BATHING

Fully open to one side, the innovative seat allows for easy transfer in and out of the shower. In addition, this wide, full-sized, built-in seat is recessed in the front to allow you to pull your legs back and underneath you for comfortable, well balanced sitting and standing. The innovative color matched wrap around grab bar, low threshold, and slip resistant flooring are a few more features that make for safe and comfortable bathing in the new Seated Safety Shower™.

### OPTIONS

- Tile Pattern or Flat Acrylic Wall Surrounds
- 24" Chrome ADA Compliant Grab Bar
