

# es6 LED LIGHT

NEXT-LEVEL BRIGHTNESS AND CONTROL

Pictured with 7 in. (178 mm) downrod

## Technical Specifications

Operating Voltage	Operating Current	Nominal Input Power	Operating Temperature	Nominal Lumen Output	Efficacy	Color Rendering Index (CRI)	Corresponding Color Temperature (CCT)	Dimming Range
+24 V	1.1 A	26.1 W	32° to 104°F (0° to 40°C)	1,770 lm	72.6 lumens/watt	93.3	2700–4000 K	1% to 100%

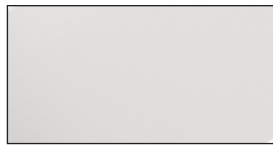

## Construction and Controls

Heat Sink	Lens	Installation	Environment	Controls <sup>1</sup>	Settings
Cast aluminum	Diffused translucent lens Made from durable polycarbonate	Twist-lock quick connect for seamless integration	Indoor Covered outdoor (inland)	Handheld remote Big Ass Fans mobile app Voice control 0–10 V Motion Sensing	16 brightness levels Dim to warm Two color temperature settings (2700–4000 K)

## Finish Options<sup>2</sup>

Black

White

## Light Off

## Light On

<sup>1</sup> Voice control requires an Amazon Alexa-enabled device or the Google Assistant.  
<sup>2</sup> Light heatsink finish matches full fan finish color.
