

# HAIKU LED DOWNLIGHT

BRIGHTER, SMARTER, AND BUILT TO LAST

The Haiku Fan Light Kit adds 0.5 in. (12.7 mm) to the total fan height. See the Haiku fan spec sheet for exact fan heights, which depend on the fan's mount, diameter, and other factors.

## Technical Specifications

Operating Voltage	Operating Current	Nominal Input Power	Operating Temperature	Nominal Lumen Output	Color Rendering Index (CRI)	Corresponding Color Temperature (CCT)	Dimming Range
+24 VDC	1.1 A	26.1 W	32° to 104 °F (0° to 40 °C)	1,770 lm	93.3	2700–4000 K	1–100% (16 settings)

## Construction and Controls

Lens color	Finishes	Settings	Controls <sup>1</sup>	SenseME Technology <sup>2</sup>	Environment
Diffused clear Smoky	Light kit finish matches fan hardware finish	16 brightness settings	On/Off and digital dimmer Adjust settings using the remote control, Big Ass Fans mobile app, or voice control.	Set the light's schedule, enable motion sensing, and adjust other settings using the Big Ass Fans mobile app.	Damp-rated for indoor and covered outdoor use. Not suitable for salt air environments.

## Finishes

Lead times may vary.  
Warranty period and terms vary by country and application.

<sup>1</sup> Voice control requires an Amazon Alexa-enabled device or the Google Assistant.  
<sup>2</sup> SenseME technology and the Big Ass Fans mobile app are supported by Android<sup>®</sup> and iOS<sup>®</sup>.
