24 INCH FREESTANDING GAS RANGE

BGR24102SS

Cooktop

4 gas burners
Easy to clean enamel burner plate
Electronic ignition knob integrated
Flame failure safety device
Cast iron pan supports

Range

Large oven capacity 2.51 cu. ft. 2 Wire Oven Racks Easy to remove side racks Gas safety valve Easy Clean gray enamel Interior lighting Adjustable feet LPG conversion kit

Accessories

Side trim kit optional Island trim included

Dimensions

H x W X D: 36"x 23 9/16" x 25 3/4" Height is without island trim Depth includes knobs & handle

In Harmony with Your Life

Large Oven Capacity

Blomberg knows you can never have too much room in your oven, even if there's not a lot of room in your kitchen. That's why we engineered a generous 2.51 cu. ft. oven capacity into our 24-inch range.

Flame-failure Safety Device

All Blomberg 24-inch gas ranges are designed to be intelligent and safe as well as stylish and efficient. Cooking burners are equipped with a flame failure safety device that automatically cuts off the gas supply should a gust of wind, a spill, or a boil-over extinguish the burner flame at any time during cooking.

Easy Clean Gray Enamel

Blomberg 24-inch oven cavities are coated with a long-lasting, nonporous, gray enamel finish that is not only attractive but also extremely easy to clean. Just a simple wipe with a damp cloth is all it takes to remove fresh spills and keep your oven looking like

Gas Safety Valve

All Blomberg gas ranges feature oven broilers equipped with a gas safety device that automatically cuts off the gas supply if it senses the broiler flame has been accidentally extinguished during cooking.
