

brilliant
Smart Home Control

CONTROL IT ALL FROM YOUR WALL

Control your lights, music, climate, locks and more.

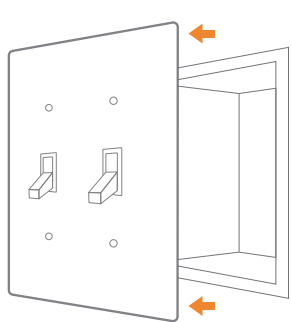

- Instantly turns your standard lights into smart lights
- Connects to Sonos, Nest, Ring, August, Ecobee, and many more
- Installs in minutes with no additional hubs, wiring, batteries, or programming required

Brilliant Overview

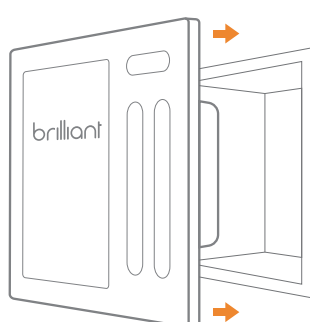

Brilliant installs in place of an existing light switch to give you touch and voice control of lights, music and other smart home devices. Want to play a Spotify channel on your Sonos? Tap the screen. Want to dim lights? Just ask. It's a simple way to give everyone in the home easy access to smart home capabilities right on your wall.

Amazon Alexa is built in, so ask for news, weather, and more to get both audio and visual responses. Keep your favorite settings in "Scenes" to set the ideal mood for waking up, dinner time, or relaxing. Brilliant includes a camera with a privacy shutter for room-to-room video chat. You can even send audio broadcasts to the entire home.

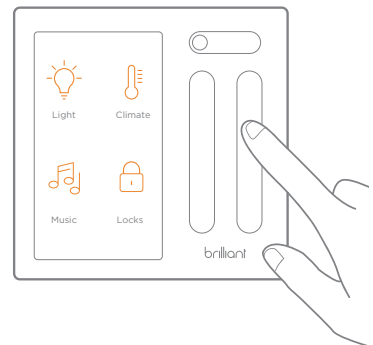

Just as Easy as Installing a Light Switch

Swap out an existing light switch

Install Brilliant in minutes

Control your lights and favorite smart home products

Features

Easy to use touchscreen control - just swipe up/down to turn on/off lights, or hold your finger to dim or brighten.

Turn any lights into smart lights. Supports LED, CFL, halogen, and incandescent bulbs, and works with dimmable lighting.

Amazon Alexa is built in for voice control. Ask Alexa for home control, news, sports, and more.

iOS / Android apps for remote control and uploading photos.

Video intercom with privacy shutter for video or audio calls between rooms when you install two or more in your home.

Motion and ambient light sensors detect when someone has entered the room, automatically turning on the display and any programmed scene.

Scenes are an easy way to combine lighting, music, temperature, and other settings to quickly control your smart home with a single tap.

Brilliant is a digital photo frame. Send photos from your phone to Brilliant and share memories with your entire home. The display is your canvas so have some fun!
