Fixture Type:

Part Number:

TC2-300 ELECTRONIC TRANSFORMER

Description:

The TC2-300 Electronic Transformer comes with multiple secondary outputs and integrated circuit breaker. Complete wiring diagrams and installation instructions are included with all transformers, recommended for distances under 10' from canopy.

Part Numbers:

TC2-300/120v black, 6 x 60VA, 120v

Technical Specs:

6 x 60VA maximum (10VA minimum, 20VA dimming)

120V AC, 50/60Hz input

11.7V AC output

Class II rated

Short circuit protection

Overload protection

Thermal protection

7 x 1/2" electrical connect knockouts

Dimmable

Remote power feed up to 10 ft (18 gauge wire)
