# **Material Safety Data Sheet**

May be used to comply with OSHA's Hazard Communication Standard, 29 CFR 1910.1200. Standard must be consulted for specific requirements.

### **U.S. Department of Labor**

Adapted

Occupational Safety and Health Administration from FORM 174, Sept. 1985 (Non-Mandatory Form)

 IDENTITY (As Used on Label and List)
 Note: Blank spaces are not permitted. If any item is not applicable, or no information is available, the space must be marked to indicate that.

## Section I - Manufacturer & Distributor Information

Manufacturer's Name	Emergency Telephone Number
Gamma Due	011 39 0536 867482
Address (Number, Street, City, State, Country and Postal Code)	Telephone Number For Information
Gamma Due	011 39 0536 867482
Via Mosca, 1	Date Prepared
Sassuolo, Italy 41049	2/27/2007
	Signature Of Preparer (Optional)
Distributor's Name	Distributor's Telephone Number
Dal-Tile Company	(800) 933-8453

## Section II - Hazard Ingredients/Identity Information

Hazardous Components (Specific Chemical Identity; Common Name(s))	CAS Number	Concentration (%)	OSHA PEL (mg/m3)	ACGIH TLV (mg/m3)	Other Limits Recommended
1 Crystalline Silica (Quartz)	7631-86-9	< .5%	10/%SiO2 +2	0.025	
2 Amorphous Silica (fused)	60676-86-0	62-71	80/%SiO2	0.1	

## Section III - Physical/Chemical Characteristics

Boiling Point (Specify °F or °C)	not oppliaable	Specific Gravity $(H_2 O = 1)$	1.75 - 2.93	
Vapor Pressure (mm Hg.)	not applicable	Melting Point	> 2000 °F	
Vapor Density (AIR = 1)	not annlicable	Evaporation Rate (Butyl Acetate = 1)	not applicable	
Solubility In Water		Appearance And Odor		
Insoluble		Brittle solid; color may vary and Odorless		

## Section IV - Fire and Explosion Hazard Data

Flash Point (Include Method Used To Determine)		LEL	UEL
not applicable	Flammable Limits	not applicable	not applicable
Extinguishing Media			•
None required. Non-flammable.			
Special Fire Fighting Procedures			
None required.			
Unusual Fire And Explosion Hazards			
None required.			
			O+D15

## Section V - Reactivity Data

Unstable	not applicable	Conditions To Avoic					
Stable	Stable in current form.	Avoid contact with acids (e.g., acetic, hydrofluoric, etc.)					
Incompatibility (Materials To Avoid)							
Avoid contact with acids (e.g., acetic, hydro	Avoid contact with acids (e.g., acetic, hydrofluoric, etc.)						
Hazardous Decomposition Or Byproducts							
Under normal conditions these products do	Under normal conditions these products do not release hazardous materials after installation.						
Hazardous Polymerization May Occu	not applicable	Conditions To Avoic					
Hazardous Polymerization Will Not Occu	MARTIN STATE AND A STATE	Not applicable					

## Section VI - Health Hazard Data

Route(s) Of Entry:	Inhalation	Yes	Skin?	Yes	Ingestion?	<u>No</u>
Health Hazards (Acute and Chronic)	Į				<u></u>	
Acute - Excessive exposure to tile dust control for intact tile.	an cause eye, skin	, and lun	g irritation from m	echanical abras	sion. Ingestion is	not applicable
Chronic - Not applicable for intact tiles. E exposure to silica dusts can lead to silico	•	e to tile d	lust can cause dis	comfort and me	echanical irritation	. Long term
Carcinogenicity - Respirable crystalline s carcinogen. Intact tile is not believed to b installation, disposal, and/or if damaged. suspected human carcinogen; however, f	e hazardous and li Crystalline silica is	mited po s describ	tential of exposured in ACGIH and N	e exists for crys	stalline silica (quai identified in other	rtz) during
Carcinogenicity:	NTP?	Yes	IARC Monographs?	Yes	OSHA Regulated?	Yes
Signs And Symptoms Of Exposure	ł				U	
Excessive exposure to tile dust can cause can lead to silicosis.	e eye, skin, and lun	g irritatio	on from mechanica	al abrasion. Lo	ng term exposure	to silca dusts
Medical Conditions Generally Aggravated By Ex Existing lung disease my be aggravated a		le dusts.

Respiratory Protection (Specify Type)

Use of a properly fitted NIOSH/MSHA approved particulate respirator is recommended when cutting tiles.

### Ventilation:

Use adequate ventilation to keep exposure to dust below recommended exposure levels. Avoid inhaling dust. The highest probability of silica exposure occurs during dry cutting. Wet cutting methods are recommended.

#### Eye Protection:

Use dust-proof goggles or safety glasses with side shields. Contact lenses may absorb irritants. Do not wear contact lenses in work areas.

Skin Protection:

Cotton or leather work gloves should be worn when cutting this product to minimize skin exposure. Wash hands prior to eating drinking, or smoking, and at the end of the work shift, after cutting operations are conducted.

Other Protective Clothing or Equipment:

Note: Personal protection information listed above is based upon general information as to normal uses and conditions. Where special or unusual uses or conditions exist, it is suggested that the expert assistance of an industrial hygienist or other qualified professional be sought.

### **Section VIIII - Regulatory Section**

Title 22 Division 2, California Code of Regulation Chapter	<mark>er </mark> \$Pro	position	65)				
This product contains a chemical or chemicals k	nown	to the S	state of Califo	rnia te	o cause cancer ar	nd/or birth d	efects or other
reproductive harm.							
SARA Reporting							
This tile contains < 0.1 percent by weight each of	f the fo	ollowing	g elements wh	nich a	re SARA 313 Rec	ordable:	
Antimony, Arsenic, Barium, Beryllium, Cadmium	, Coba	lt, Chro	omium, Mercu	ry, Ma	anganese, Nickel,	Lead, Silve	r, Thallium, Vanadium,
and Zinc.							
Department of Transportation (DOT) Regulations							
Tile is not regulated by DOT.							
Toxic Substance Control Act (TSCA)							
This product and/or its components have been in	ntrodu	ced into	o U.S. comme	rce a	nd is listed in the	Toxic Subst	ance Control Act (TSCA)
Inventory of Chemicals in Commerce. Hence, it i	is subj	ject to a	II applicable	provis	sions and restrict	ions under 1	SCA 40 CFR Section 721
and 723.250.
