

DreamLine™

Bathroom of Your Dreams™

SHOWER ENCLOSURES

They are all very different – round, rectangular, neo-angle, D-shaped – but all of the DreamLine™ shower enclosures share the same quality lineage. All shower enclosures are made of tempered glass combined with anodized aluminum profiles. Glass enclosures may be installed on custom tiled surfaces or for streamlined installation may be combined with optional DreamLine™ acrylic shower trays. Available in a variety of sizes, shapes and finishes – these shower enclosures are designed for installation against finished acrylic or tiled walls. Add a simple shower head or an advanced DreamLine™ Shower Column to create the Bathroom of Your Dreams™.

TETRA
