Under-Counter Wine Cooler Specifications

- Product Weight – 128 Lbs.
- Voltage Rating – 120V/60 Hz/15 Amps
- Connected Load (kW Rating) @ 120 Volts = 0.15 kW
  (For use on adequately wired 120V, dedicated circuit having 2-wire service with a separate ground wire. Appliance must be grounded for safe operation.)
- Amps @ 120 Volts = 6 Amps
- Electrical cable supplied.
- Always consult local and/or national electric codes.
- Can be used freestanding, or built in under counter.
- Does not require additional airspace for top, sides or rear when used in built-in application. Increase unit dimensions by at least 1/4" for recommended rough opening.
- Front grille MUST remain unobstructed for proper ventilation.
- Must be positioned on flat, level surface, capable of supporting entire weight when fully loaded.

- Leveling legs supplied to adjust height and level unit.
- Do not position unit near any heat source to ensure optimum performance.
- Must be positioned to allow for 90° door swing, providing sliding shelves with necessary clearance. *(Door is field reversible for right- or left-hand opening.)*
- When installing next to wall where handle may make contact, allow 3" clearance between opened door and wall.

Note: For planning purposes only. Refer to Product Installation Guide on the web at electroluxappliances.com for detailed instructions.

Optional Accessories

- Field-Reversible Door Kit – (5303918374).
