Carrera Grande Eco

CATALOG NUMBER: CF788
FINISHES: OIL RUBBED BRONZE
STYLE: TRANSITIONAL COLLECTION
DIAMETER: 54", 60" & 72" (Blades Sold Separately)
MOTOR WARRANTY: LIMITED LIFETIME - ENERGY STAR APPROVED

MOTOR

- High-efficiency Permanent Magnet Direct Current motor, built to Emerson specifications and quality requirements.
- The large 165 mm, 6-pole motor size gives highly efficient performance and RPM capability.
- Both horizontal and vertical balancing is done to ensure total fan balance and quiet operation.
- High quality, shielded stainless bearings and precision copper wire are used in this motor.
- Quiet operation is ensured with the integrated electronic motor controller.

HOUSING

- High quality, carbon stamped steel fan housing and ceiling canopy, all made to Emerson specifications.
- Fan housing showcases a unique, modern design.
- Housing diameter: 340 mm.

BLADES (Sold Separately)

- The highest quality, furniture-grade blades offered today.
- Lightweight hardwood used for stability and warp resistance.
- Blade sets are micro-balanced to within one gram.
- Veneer blade options available

HANGING SYSTEM

- Hanging ball and bracket are both made of die-cast zinc for durable wear. The industry uses a stamped steel bracket and plastic ball, which wears more quickly and does not control wobble.
- 80" wire leads accommodate up to a 6' downrod with no splicing required.
- Triple-locking unthreaded downrod system.

CONTROL

- Six-speed LED remote control included with reverse function and independent fan/light control.
- SW605 Wall control sold separately.

HIGH SPEED ENERGY INFORMATION

- Airflow - 7184 Cubic Feet Per Minute
- Electricity Use - 21 Watts (Excludes Lights)
- Airflow Efficiency - 342 Cubic Feet Per Minute Per Watt
