FINISHES: BRUSHED STEEL, CHALK, GOLDEN ESPRESSO,
OIL RUBBED BRONZE & VENETIAN BRONZE
STYLE: TRADITIONAL COLLECTION
DIAMETER: 52" WITH 5 BLADES
MOTOR WARRANTY: LIMITED LIFETIME

MOTOR

- High quality and reliable 172 x 14 mm size, 14-pole performance motor
- Extremely quiet operation using superior triple capacitor for starting and controlling speed.
- Four forward and four reverse speeds.
- Additional quality control steps are taken to inspect for noise in a sound room.
- Stator dip reduces wire chatter and electrical shorts.
- Vertical and horizontal motor balancing for fan balance and quiet operation.
- Quick connect plug allows easy servicing of speed control and reversing switch.
- Snugger models are designed to fit close to the ceiling: just 8" from the ceiling to the blade tip.

HOUSING

- High quality, carbon stamped steel fan housing, switch cup and ceiling canopy.
- Fan housing is traditional, yet with an up-to-date look that fits most decors.

BLADES

- High quality, composite wood blades, reversible for added design flexibility.
- All blades are balanced to within one gram, thus ensuring wobble-free operation.
- Blades are hand-made by a high quality, custom blade manufacturer.

HANGING SYSTEM

- Mounts to the ceiling using a large stamped steel mounting plate.

CONTROLS

- SW46 wall control included
- Manual reverse
