

2092F Combination Safe

Enjoy peace of mind by protecting valuables, documents and treasured keepsakes from harm or theft with First Alert Combination Safes.

This 1.3 cubic foot combination fire resistant safe is UL classified for one hour to withstand an external temperature of 1700° F while maintaining an internal temperature of less than 350° F. The safe has been tested by an independent testing lab and verified to protect electronic media including memory sticks, CD's, DVD's and external hard drives. In addition, the safe will protect documents, electronics, and other valuables. Patented concealed hinges are designed to resist prying. Waterproof even when fully submerged.

Product features:

- Combination lock with emergency override key
- Four locking door bolts
- Pry-resistant concealed hinges
- Removable storage shelf
- Waterproof seal
- Hanging key rack
