

### Accessories

#### Smuso AD Soft-close for HAWA-Junior 80/Z & 80/B

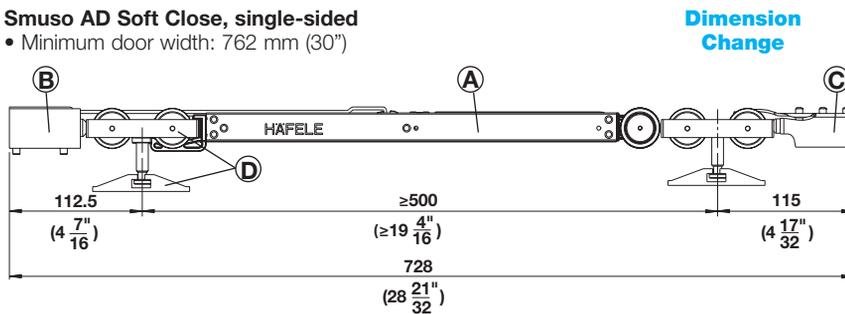

- For 1 and 2 sliding wood doors
- Smuso AD is an air/friction damper with integrated closing unit
- Invisibly integrated in the running track
- The sliding door is braked by the soft-close mechanism and pulled into a closing position by a spring mechanism
- For suspending in running gear
- Maximum door weight: **80 kg** (176 lbs.)

- Air/friction damper:
- Ensures no loss of liquid (such as oil)
  - Cannot be destroyed even at excess pressure
  - Friction adjusts to the pressure

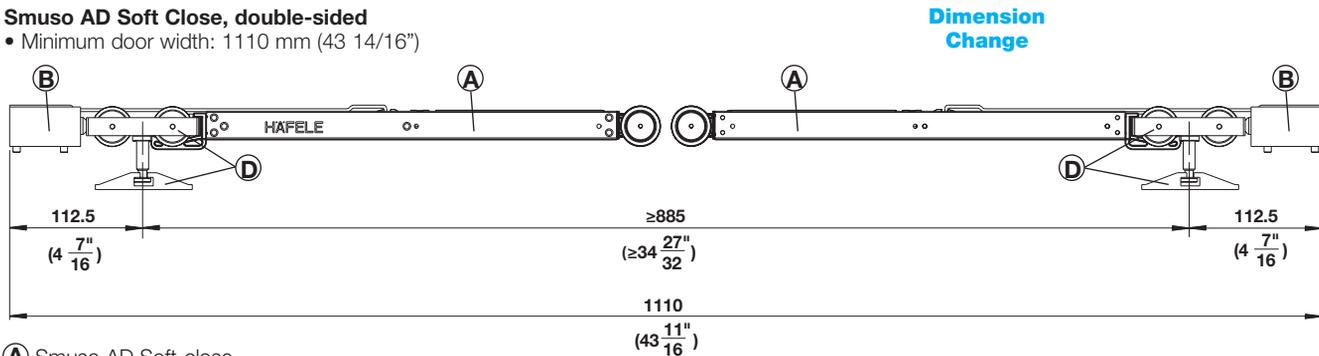

#### Smuso AD Soft Close, single-sided

- Minimum door width: 762 mm (30")

#### Smuso AD Soft Close, double-sided

- Minimum door width: 1110 mm (43 14/16")

- A** Smuso AD Soft-close
- B** Track Stopper with catch
- C** Track Stopper
- D** HAWA-Junior 80

	Item No. 940.80.043
--	------------------------

Packing: 1 pc.

**Note:** For double-sided order two pcs. When using the double-sided soft-close and ordering the Junior 80 set, the stopper supplied with the set is not required. We recommend ordering individual components instead of the complete set.
