

INSTALLATION INSTRUCTIONS FOR V8LU15

WARNING! Fixtures must be grounded and installed in accordance with the National Electrical Code and all local codes. Failure to do so may increase the RISK OF PERSONAL INJURY, PROPERTY DAMAGE, FIRE AND DEATH. Install and use where burnouts do not cause a hazard and use only in environments for which the product is specifically marked.

WARNING! This product contains chemicals known to the State of California to cause cancer, birth defects, and/or other reproductive harm. Thoroughly wash hands after installing, handling, cleaning, or otherwise touching this product.

CAUTION! Follow ALL luminaire recommendations, product markings, instructions, restrictions and warnings regarding luminaire operation and burning position. Luminaire label shows electrical and environmental requirements.

All electrical work must be done by a qualified electrician.

Turn off electric power to all affected circuits and allow to cool before servicing.

A regularly scheduled maintenance program should be established to retain optimum light output and reduce heat retention. Dusting with a soft, clean, dry cloth is normally sufficient. Any accumulation of dust or dirt should be removed regularly from the lens. Use only a mild soapy solution, DO NOT use alkaline or acid cleaners.

Carefully read these instructions before installing product. If you do not understand these instructions, before starting any work, contact your Hubbell Lighting distributor or techsupport@hubbell-ltg.com or (864) 678-1000

Please read thoroughly before installing Give instructions to facility owner/manager for future reference.

INSTALLATION:

1. Remove four (4) nuts (A) and discard.
2. Assemble the V8LU15 LED module (D) to the desired mount (C) using the four #8-32 X 4-1/2" long screws (B) provided with V8LU15 (D).
3. Insure gaskets are properly seated between mating parts and securely tighten screws.
4. Install the desired lens (E) into the body of V8LU15 (D).
