

1827EXLT

Premium "Crown Series" two stage units with a heavy-duty auger, high-speed impeller, heated handles and a standard LED headlight for greater visibility in less than favorable conditions. Track drive provides better traction with a unique tread pattern to reduce rolling vibrations. A heavy-duty hydrostatic transmission provides the power to get through deeper snow drifts.

POWER STEERING

Convenient trigger control power steering allows superior maneuverability in adverse conditions.

TWO-STAGE SYSTEM

Snow is fed into the housing by an auger and then discharged through the chute by an impeller.

ELECTRIC STARTER

Connect to a power outlet and start the engine by pressing a button. Our starter system ensures that you'll never have to worry about a dead battery.

DRIFT CUTTERS

Adjustable drift cutters direct deep snow into the auger housing for clearing.

Technical data

Engine manufacturer	LCT
Engine type	Snow King OHV
Horsepower	12.2 hp
Cylinder displacement	414 cc
Gross Torque	18.5 lb-ft
Fuel tank volume (with reserve)	0.69 gal.
Drive System	Heavy-duty hydro
Blower type	Two-stage
Working width	27 inch
Intake Height	23 inch / 58.4 cm
Auger diameter	12 cm / 4.7"
Impeller Diameter	12 inch
Electric start	Yes
Power steering	Yes
Progressive Stamped Auger	Yes
Heavy Duty Auger Housing	Yes
Hand Warmers	Yes
Remote Chute Rotation	Yes
Remote Deflector	Yes
Drift cutter	Yes
High Speed Impeller	Yes
Heavy Duty Skids	Yes
Weight Bar	Yes
Single Hand Interlock	Yes
Auger Ball Bearings	Yes
Deflector Extension	Yes
Length	52"
Width	27"
Height	42 inch
Weight	326 lbs
