THE BOLD LOOK
OF **KOHLER**®

Anything But Ordinary

Nearly a century ago, Kohler Co. produced its first apron-front sink. Since then, this style has become an eye-catching centerpiece in many American kitchens.

Now you can get the apron-front look you want—from the classic farmhouse styling of Whitehaven® to the sleek, modern design of Vault™—whether you're simply replacing your sink, refreshing your sink and counter, or completing a full kitchen remodel.

Keep Your Countertop & Cabinets

If you want to update just your sink, an apron-front sink might work with your existing countertop and cabinetry.

Designed with a Self-Trimming® apron, many KOHLER® apron-front sinks require no major cutting and no unsightly caulk lines. They cover any cuts made during installation.
