Notes

Measure your actual product for rough-in details.

Install this product according to the installation instructions.

For increased accessibility, utilize "pit" installation as detailed in installation guide.

The fixture is not drilled for supply fittings.

Shimming may be required to level the fixture.

Stud opening tolerance + 1/4" (6 mm).

When fire rated construction is specified, dimensions are to the inside of the fire-rated wall.

Some shimming between stud frame and fixture may be required.

For optimum accessibility, specify faucets and fittings to install and operate within the control area shown.

ADA compliant when installed to the specific requirements of these regulations.
