

Product Information

| | |
|---------------------|---------------------------------------|
| Applicable product: | |
| Mixing Valve | K-13601 |
| Max. Rating | 21 gpm (79.5 L/m) at 48 psi (331 kPa) |
| Temperature Range | 60° F (18° C) - 120° F (50° C) |
| Max. Pressure | 150 psi (1034 kPa) |
| Min. Pressure | 30 psi (207 kPa) |
| Max. Temperature | 225° F (107° C) |

Installation Notes

Install this product according to the installation guide.
