Features
- Digitally controlled.
- High-temperature limit setting for added safety.
- One touch control of two valve outlets.
- Low-profile design.
- Selectable water-saving functionality.
- Selectable Fahrenheit or Celsius.
- Selectable outlet delivery.
- Easy-to-read LCD display and raised one-touch buttons.
- Use for single- or dual-outlet applications, including bath and shower, shower-only, or bath-only experiences.
- Integrated diverter with touch-button operation toggles between water outlets, running them separately or simultaneously.
- Allows user to add a second control for convenience and flexibility.
- Warm-up mode pauses the shower flow when the water is brought up to the preferred temperature, and then notifies you that the shower is ready to enter, thus conserving water.
- Pause feature temporarily pauses water flow to conserve water while you lather, shave or shampoo.
- Countdown mode allows you to set the duration of the shower to easily manage both time and water use.

Installation
- Mounts on finished wall surface.
