Product Specification

Rite-Temp pressure-balancing single-control shower faucet trim shall be of metal construction. Shower trim shall include showerhead with arm and flange, and faceplate with handle. Valve only trim shall include faceplate with handle. Faucet trim shall be K-____-NA.

PINSTRIPE_{TM}

Model	Description		ADA		ADA	(ADA		ADA
K-T13135-4A*	Valve trim with plain lever handles					□СР	□ Other		
KT-13135-4B*	Valve trim with grooved lever handles							□ CP	□ Other
* Requires either K-304-K, K-304-KS, or K-306-KS valve									

Technical Information

Mexico faucets and fittings have an **M** after the first sequence of numbers (such as K-12345 M).

Applicable valve*:	
Rite-Temp valve without stops	K-304-K
Rite-Temp valve with stops	K-304-KS
HiFlow Rite-Temp valve with integral stops	K-306-KS
*Valve system required (not shown).	
Handle is ADA compliant	ADA

Installation Notes

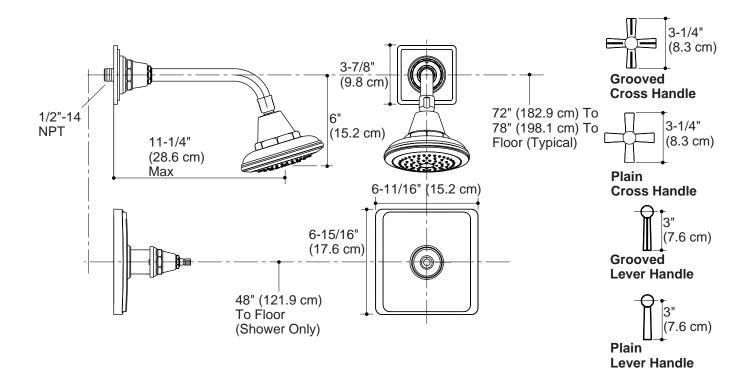

CAUTION: Risk of damage to the K-306-KS valve assembly. When using the K-306-KS valve in a fiberglass or acrylic installation, use the thin wall installation kit (88526).

Install this product according to the installation guide.

Avoid cross-flow conditions. Do not install shut-off device on either valve outlet.

Cap shower outlet if deck-mount spout, diverter, or handshower is connected to spout outlet.

Install straight pipe or tube drop of 7" (17.8 cm) to 18" (45.7 cm) with single elbow between valve and wall-mount spout.
