Product Specification

The finished deck-mount spout shall be of brass construction and shall be installed only on finished deck material. Spout shall be a 2-7/8″ (73 mm) high non-diverter spout with a 9″ (229 mm) spout reach and two-handle ceramic side valves. Handles (purchased separately) shall be available in a variety of style options. Spout shall be Kohler Model K-72778-_____.
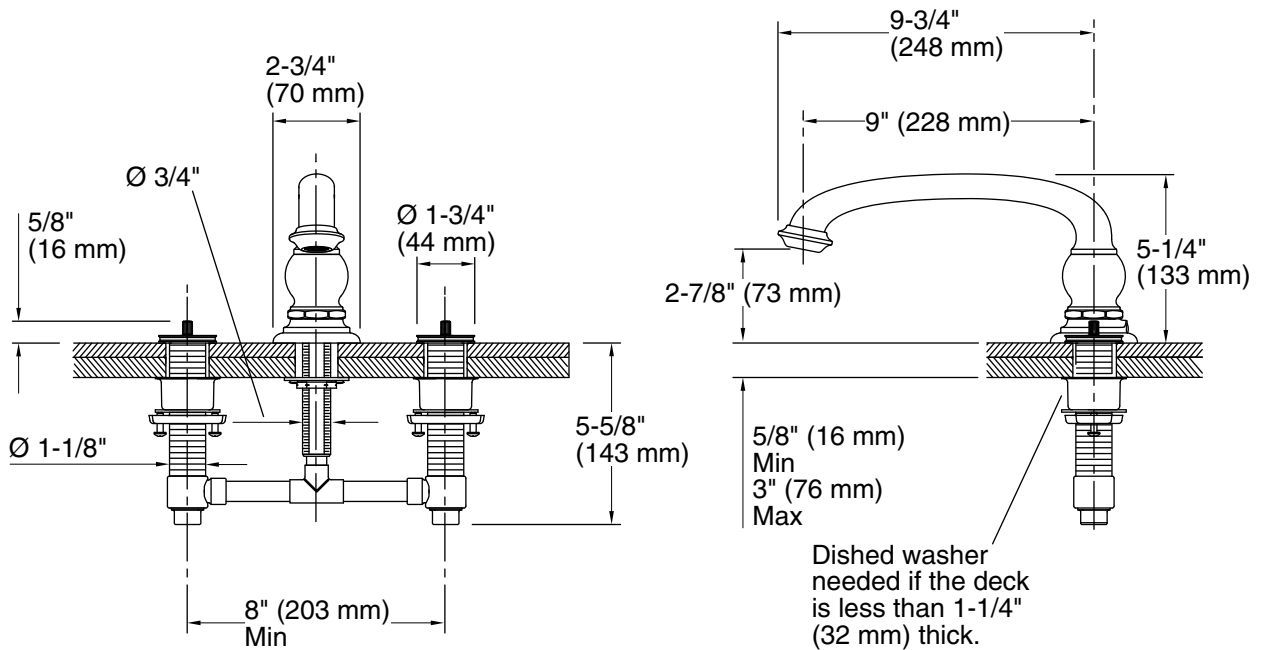

ARTIFACTS™

Installation Notes

IMPORTANT! Artifacts deck-mount handles are only compatible with the valve included with the Artifacts deck-mount faucets. Do not install to a K-300 bath valve.

IMPORTANT! For K-T98071-9M models, the handle swings up and toward the user. Ensure that the handle will not interfere with the bath fixture during operation.

Install this product according to the installation guide.

For a finished bath deck less than 5/8″ (16 mm) thick, install wood reinforcing material to the underside of the deck. The combined thickness of the reinforcing material and the deck must not exceed 3″ (76 mm).

Installation Notes

IMPORTANT! Artifacts deck-mount handles are only compatible with the valve included with the Artifacts deck-mount faucets. Do not install to a K-300 bath valve.

IMPORTANT! For K-T98071-9M models, the handle swings up and toward the user. Ensure that the handle will not interfere with the bath fixture during operation.
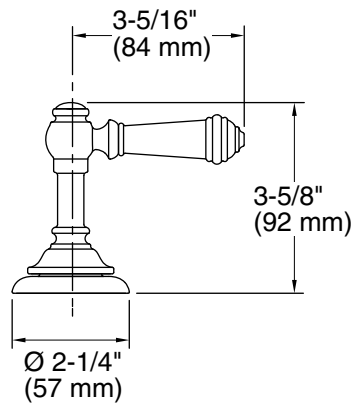

For K-T98071-9M models, the setscrews face the back of the faucet when properly installed. A circular mark on the bottom of the handle indicates the cold handle.

Install this product according to the installation guide.
