

Installation Instruction

For LED Table Lamp

Model# P1822-651-L/ P1822-44F-L

Fig.1

WARNING:

- Risk of shock, do not plug in the unit before assembly is complete.
- Do not exceed the maximum wattage rating. (NE PAS DEPASSER LA PUISSANCE NOMINALE MAXIMALE!)
- Before turning on, please follow the instruction manual step by step.

INSTALLATION

1. Place all parts on a smooth, flat surface to protect the finish until ready to install.
2. Align metal cover (C) onto the stud located on fixture body (E) and secure with handle (D).
3. Connect the power adapter (A) to connector (B).

IMPORTANT SAFETY INSTRUCTIONS

1. This lamp uses a touch switch. Press and release to turn on and/or off. When in the on position, press and hold the touch switch to cycle from dim to bright. Release the switch once desired brightness is reached
2. The LED module can be replaced by a qualified electrician without cutting of wire and without damage to any decorative element to which the fixture is attached. See installation steps for more details (Fig 2.)
 - a. Shut off the power and remove cover (K) from lamp head (F).
 - b. Use a screw driver to loosen screws (J) and remove the module from the white plastic ring (I).
 - c. Un-plug the wire quick connector with LED module (H) for re-lamping. (Note: The LED module should be provided by specified supplier).
 - d. For better heat dissipation, The LED module (H) should be installed with the heat transfer material (G) when re-lamping.
