

GEORGE KOVACS® LED Under-Cabinet Lighting is the quintessential high output LED lighting for a multitude of uses. Applications include under cabinet, closets, soffits, bookshelves, displays and many more.

GEORGE KOVACS® LED Under-Cabinet Lighting is fully dimmable when used with a compatible LED or low voltage dimmer. Each LED section is individually switched for complete customization.

GEORGE KOVACS® LED Under-Cabinet Lighting gives optimal lighting performance with a superior output of 70 lumens per watt.

GEORGE KOVACS® LED Under-Cabinet Lighting can be linked together for continuous illumination and is configured for direct wire or plug-in applications.

GEORGE KOVACS® LED Under-Cabinet Lighting is covered by a 3-year LED limited warranty.

GEORGE
KOVACS®
A Minka Group® Company

An innovator in lighting for over 50 years, George Kovacs® creates LED (Light Emitting Diodes) lighting that achieves beautiful light with an environmental advantage. Our LED lights supply illumination at a considerable energy savings over comparable incandescent bulbs while providing a life span in excess of 30,000 hours.

This green alternative to standard lighting has no excessive heat or mercury side effects.
