## START FROM HERE

• Make sure **POWER** is **COMPLETELY OFF** at the fuse box
• Have your fixture installed by a qualified licensed electrician
• Prepare everything in a clear area
• Wear gloves at all times during this installation
• Read instructions carefully before you start assembly
• Keep this installation sheet for future reference
Technical Support: 1-855-855-8926

Please Note:
• This Kuzco LED fixture comes with pre-wired LED module(s)
• Unless instructed, Do Not touch any part of the LED module(s) as any unnecessary contact with the module could cause permanent damage

1. Remove fixture from its original package.

2. Separate fixture body **(2a)** from mounting plate **(1c)** by removing set screws with allen key **(2f).**

3. Attach mounting plate **(1c)** to electrical junction box **(1a)** using junction box screws provided **(1e)** in hardware package.

4. Make proper electrical connections (black to hot "L", white to neutral "N", ground to "GND") with wire nuts **(1b)** provided in hardware package.

5. Attach fixture body **(2a)** to mounting plate **(1c)** with set screws and allen key **(2f).**

6. To prevent moisture from entering the electrical junction box **(1a)** and causing a short, seal around the top perimeter between the fixture and the surface with weather resistant caulking **(Illustration 1)**.

PRODUCT ID	PART
1c.	XHBSC412-BK
1e.	XHPP832-8
2f.	XHSSM5-14
LED Driver	XDR-HEP-LSC9-700-UNV-ND
Allen Key	XHAK-M5
