

## Utility Vapor Tight

### Ceiling or Wall Mount Vapor-tight Utility Luminaire

The Lithonia Lighting® Utility Vapor Tight is the best luminaire for utility applications such as entrances, hallways, closets, tunnels or other utility applications.

Available in a wall- or ceiling-mounted models, these fixtures can be installed direct-to-wall with 3/4" knockouts for side or top conduit entry – or directly to a junction box (included). Incandescent, fluorescent, metal halide, or high-pressure sodium sources are also available.

Built with a rugged, die-cast aluminum housing and heavy glass globe, Utility Vapor Tights feature practical durability and a familiar form factor appropriate for utility spaces. These fixtures are listed and labeled to CSA standards and UL standards for wet locations.
