

## ***Lifetime Warranty***

Hardware Resources believes in quality, integrity, and reliability. We uphold the highest standards of service and responsibility in the industry.

As such, Hardware Resources warrants all Bath Vanities and Kitchen Islands and their components to be free from any defects in material and workmanship as long as the original consumer purchaser owns the products.

If a defect is found, Hardware Resources will send to the original purchaser a new replacement product or component at no charge. If a replacement is no longer available, Hardware Resources will offer a replacement vanity, island or component that is comparable to the original product's purchased price or will refund to the original purchaser the current wholesale value of the vanity or component.

This warranty is a warranty of replacement only. Hardware Resources specifically does not warrant removal of the product nor installation of replacement new product. This warranty does not apply when the item has been tampered with, misused, improperly installed, altered from the original design, or damaged through abuse or accident. Finishes for all Bath Vanities and Kitchen Islands are multi-layered, created by hand. Slight variations may occur which add to the uniqueness of each item. Granite and Carrera marble countertops are manufactured of natural stone, and as a result, Hardware Resources cannot guarantee exact shading or grain of the stone. Butcher Block tops are manufactured of natural wood, and Hardware Resources cannot guarantee exact shading or grain of the wood. Naturally occurring characteristics such as variations in grain, color, and/or mineral streaks are not considered a defect in the product.

In the unlikely event that a defective vanity, island or component is encountered, please contact Customer Service at 800.463.0660. Please be able to provide a brief description and photographs of the defect.

*Hardware Resources may at its own discretion and without notice change the specifications, color, or design of any product in our catalog as well as discontinue any product in our range.*

***Measurements shown in this catalog have a tolerance of +/- 1/8".***
