Features

- Glazed Porcelain Tile that captures all the facets and rich shading of natural slate. Gravura features an endless array of pattern and color shifts to make this distinctive look.
- Designed with three large format sizes for easy patterning, Gravura is also available in a 3" x 3" Mosaic which finishes out this product line.
- Gravura is the perfect product for kitchens and living rooms, as well as covered exterior patios and walkways.
- Gravura has a Random Shade Variation.
- Field Tile available in 20" x 20", 13" x 20" and 13" x 13" sizes.
- Gravura will complement nicely with a number of decorative tile options.

INSTALLATION CAUTION:

Large format tile installation requires particular attention to proper substrate preparation, grout width sizing, trowel selection, and mortar coverage. It is critical that large format tile be installed on a level substrate. Additionally, there must be at least 90% mortar contact and a minimum grout width of 3/16". Refer to the published installation instructions prepared by your preferred manufacturer of setting materials for optimal tools and setting methods to achieve your desired result.
