

# Utility Fans

Exhaust Air

Ideal for family rooms, kitchens, laundries

Three ducting options:

- Through-the-wall
- Inside wall or ceiling
- Vertical discharge
- Choose auto-shutter or pull-chain models

8070WH Automatic Fan - 8" White  
8170WH Automatic Fan - 10" White

## Straight-through-the-wall fans

8070SA Automatic Fan - 8" Silver

- Shutter opens automatically when fan is turned on, closes tightly under spring tension when off.

8170SA Automatic Fan - 10" Silver

8101SA/WH - 8" Pull-Chain Fan

- Outside door closes tightly for weather seal

8110SA/WH - 10" Pull-Chain Fan

## Inside wall or ceiling fans

8310 Wall/Ceiling Fan  
8" grille. Use with 834 Filter (optional)

8510 Wall/Ceiling Fan  
10" grille. Use with 854 Filter (optional)

Models 8310, 8510 fit 2" x 4" walls or install in ceilings.

- Motors and impeller-type blade assemblies snap in.
- Housings have plug-in electrical receptacles.

## Vertical discharge ceiling fans

8210 Fan - 7" Round. Use with 834 Filter (optional)

8490 Fan - 8" Round. Use with 854 Filter (optional)

- Excellent for kitchens, laundries, commercial rest rooms, anywhere you want to move a large volume of air

- Install in ceiling and ventilate directly through the roof with round ducting.

- Adjustable hanger bars for 16" or 24" o.c. joists

- All motors are pre-wired plug-in
