# Highlights

## Romantic soft glow

Lights to create a romantic atmospheric lighting effect with a constant glowing light output.

## Wireless charging

Easy recharging of the products with wireless induction charger

## Cool to touch

While having the light effect the product remains cool to touch because of the LEDs.

## No open electricity

By using induction charging and waterproof products the user is not confronted with open electricity.

## Weatherproof

Weatherproof for indoor and outdoor use

## Unbreakable

There is no chance of broken glass when the plastic candles fall on a hard surface. Safe for any situation where this risk is eminent.

## Automatic color sequencing

Choice of seven colors and automatic color sequencing

## Innovative LED technology

Low-power LEDs are used in a wide variety of lighting applications requiring a lower level of illumination. These are typically used for decorative ambient lighting and orientation purposes.

## Up to 10 hours of light

They provide more than an evening of light per charge, and are easily recharged using the wireless induction charger.

## Tilt to turn on and off

Anybody can turn them on and off. Surprisingly easy and funny.
