* Samsung received the highest numerical score for refrigerators in the proprietary J.D. Power and Associates 2005-2007, Major Home Appliance Study and 2008-2009 Kitchen Appliance StudySM. (2007-2008 received award for satisfaction with side-by-side/French door refrigerators) Study based on 11,701 total responses measuring 13 brands and measures opinions of consumers who purchased refrigerators from a retail store, their new-home builder during the previous 24 months. Proprietary study results are based on experiences and perceptions of consumers surveyed in March-April 2009. Your experiences may vary. Visit jdpower.com.

26 cu. ft. Side by Side Refrigerator

SAMSUNG

Twin Cooling System®:

Twin Cooling System® uses two evaporators with only one compressor to independently control the temperature in the refrigerator and freezer compartments to maintain proper humidity levels and prevent odor transfers between compartments.

Multi Air Flow:

Provides even cooling throughout the refrigerator to maintain optimal temperatures to keep food fresh.

Power Freeze and Power Cool Options:

Power Freeze and Power Cool Options can be used when foods need to be brought down to a lower temperature quickly or when the temperature inside the refrigerator or freezer compartment needs to be cooled due to repeated door openings.

Cool Select Zone™ Drawer:

Cool Select Zone™ provides additional temperature control for your food storage needs with Quick Cool, Thaw and Cool Mode options.

External Digital Display and Control:

Controlling the refrigerator is easy with the external digital display. It shows the inside temperatures, when to change your filter and also controls the ice and water dispenser.

LED Tower Lighting:

Evenly distributes bright light throughout the refrigerator and freezer compartments to help you easily locate your food.

Water Filter:

Samsung's external ice and water dispenser provides filtered water and ice without sacrificing your interior space.

Door Alarm:

Prevents food spoilage by alerting you if the freezer or refrigerator door has been accidentally left open.

Refrigerator: 15.8 cu. ft.

- Multi Air Flow

Side by Side configuration provides easy access to food in both refrigerator and freezer compartments.

Twin Cooling System® uses two evaporators with only one compressor to independently control the temperature in the refrigerator and freezer.

Quick and easy access to filtered water and cubed/crushed ice at your fingertips with the external dispenser.

Cool Select Zone™ controls your food storage needs with Quick Cool, Thaw, and Cool Mode options.
