How to Install MR16 Bulb and Matrix™ Wall Bracket:

1 Loosen the (4) wall sconce screws and separate the back plate from the wall sconce. Feed stem and ground wires through back plate, then attach to power wires and ground wire in outlet box.

2 Attach back plate to outlet box with the (2) back plate screws supplied.

3 Attach wall sconce to back plate and tighten the four screws loosened previously.

4 Plug bulb carefully but completely into socket. Use MR16 glass covered lamp bulb.

5 Hang A bead chains first, following the Crystal Color Map. Drop strands of crystal beads through slots in top grid.

6 Grasp C chain of crystal by the top crystal. Slip the chain through side opening of the grid slit. It will nest into position between the top and second crystal.
