(Wide Flood)
50 Watts Recommended
(supplied - Schonbek # :
MR16-EXN/US)
50 Watts Max.

REPLACING CRYSTAL:
If a crystal breaks, you'll see a bare pin sticking out of a hole in the framework.
PIN

8115/14**
8502/7**

A Straighten pin outward.

B Slide crystal octagon and then bead onto pin.

C Bend back into frame to secure crystal in place.

CEILING

How to Install MR16 Bulb and Recessed Vertex®:
Recessed fixtures are mounted to the ceiling by miniature low voltage construction housing. These fixtures are only compatible with construction housings manufactured for Schonbek by W.A.C.

1 Always turn off power to fixture. Follow instructions provided with the housing.

2 Squeeze spring steel legs of trim ring inward and push trim assembly up until trim ring is flush with ceiling.

3 Remove retaining ring from trim ring.

4 Plug bulb carefully but completely into socket. Use only an MR16 lamp (glass covered lamp bulb not required).

5 Place glass cover over bulb. Seat bulb against trim ring and reattach retaining ring to trim ring to hold bulb and cover up.

6 Mount crystal shade by holding shade up against the trim ring and turning clockwise, seating (3) pins into (3) pin slots.
