

Important: Always unplug the power cord before installing or replacing bulb and before cleaning or other maintenance.

This light should be installed by a licensed electrician

LAMP INSTALLATION AND ASSEMBLY

1. Shut off power to the outlet box.
2. Attach the universal mounting plate to the outlet box using outlet box screws.
3. Determine the height which the fixture is to be hung. Screw together stems as needed to achieve desired length.
4. Make appropriate electrical connections using wire nuts. If there is no green ground wire from the outlet box, then connect the fixture wire to the mounting plate with the green screw provided. Place connections in outlet box.
5. Attach canopy over outlet box with canopy nuts.
6. Insert bulbs in socket.
7. Place glass cylinders over bulbs.
8. The cable lengths can be shortened if necessary by adjusting the position of the cable terminals.
9. Restore power to fixture.
