

DESCRIPTION

Patterns of silk-screen are printed onto the Ecran Pendant light by Tech Lighting. This Italian hand-blown pendant features six elegant designs and three on-trend finishes. An ample amount of light is evenly dispersed through the beautiful inner glass frosted diffuser creating a soft spill light onto surfaces below. Scaling at 9†in length and 4†in diameter the Ecran pendant is moderately scaled to suite kitchen island task lighting applications, dining room lighting or bedroom lighting flanking two end tables. The Ecran ships with your choice of efficient halogen or LED lamping saving you both time and money. Pair the Ecran pendant with the Siena wall sconce by Tech Lighting for greater design customization. Includes low-voltage, 50 watt halogen bi-pin lamp or 8 watt, 300 delivered lumen, 3000K, replaceable SORAA® LED module and six feet of field-cuttable cable. Dimmable with low-voltage electronic or magnetic dimmer (based on transformer). Works with SORAA.

INSTALLATION

Socket terminates with FreeJack male connector, which may be installed into a system connector. Elements ordered with a system prefix include a connector for that system. For use on T~TRAK, order FreeJack version and T~TRAK FreeJack Connector (sold separately).

ACCESSORIES & OPTICAL CONTROLS
