WALL COLLECTION

GENERAL PRODUCT INFORMATION:

This product can mount to either a 4" square electrical box with round plaster ring or an octagon electrical box.

This product is suitable for indoor dry locations only.

CAUTION—RISK OF FIRE

This product requires installation by a qualified electrician. Before installing be sure to read all instructions and TURN THE POWER TO THE ELECTRICAL BOX OFF.
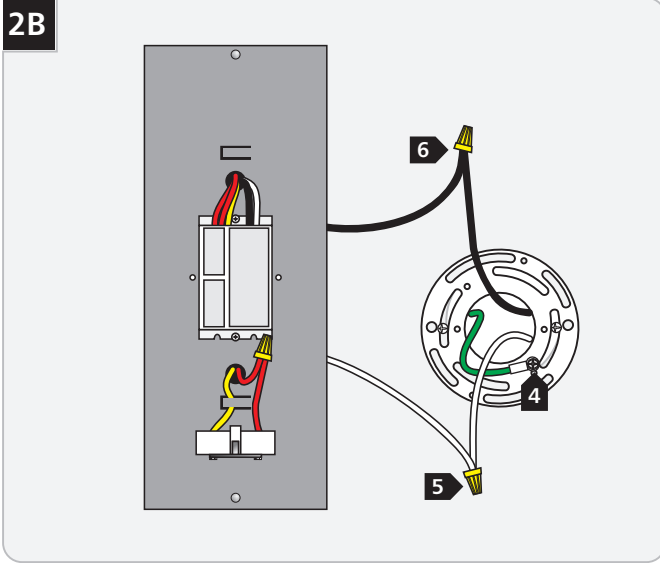

Remove the Shade

SCONCE BASE — #8-32 SET SREW

1 Back out both #8-32 set screws without removing them, using the provided 5/64" Allen wrench.
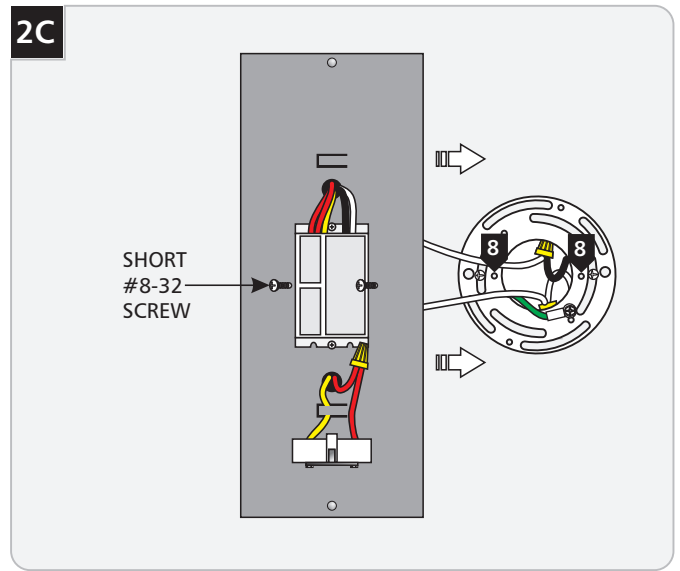

2 Pull the shade off of the sconce base.

Mount the Sconce to the Electrical Box

MOUNTING PLATE

INNER THREADED HOLE

LONG #8-32 SCREW

1 Make sure the two inner threaded holes on the mounting plate are positioned horizontally.

2 Line up two mounting plate slots with the two electrical box holes.

3 Level the mounting plate horizontally and secure it to the electrical box with the two Long #8-32 screws provided.

4 ▸ Connect the green ground wire terminal ring to the mounting plate with provided screw. Make sure that the mounting plate is grounded in accordance with local electrical codes.

5 ▸ Connect the neutral 120 volt electrical box wire to the white ballast wire with a wire nut.

6 ▸ Connect the hot 120 volt electrical box wire to the black ballast wire with a wire nut.
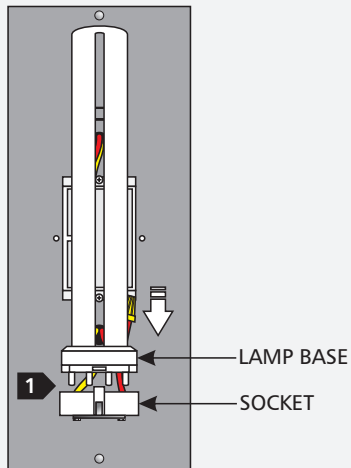

7 ▸ Feed the wires into the electrical box.

8 ▸ Line up the screw holes in the sconce base with the inner screw holes in the mounting plate.

9 ▸ Hold the sconce base in place and secure it to the inner screw holes with the two short #8-32 screws provided.

Install the Lamp and Glass Shade

CAUTION: To reduce the risk of a burn or electric shock during relamping, disconnect the power to the fixture by turning the wall switch off.

**NOTE:** Use only your fingers to replace the lamp.

3A

LAMP BASE

SOCKET

1 Push the lamp base firmly and completely into the socket.

Use **MAX** 18 Watt, Twin-Tube Compact Fluorescent Lamp.
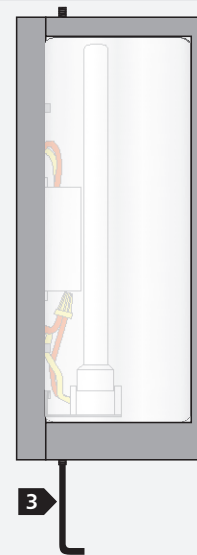

3B

SHADE PEG

SHADE FRAME

2 Line up the shade pegs on the sconce base with the holes in the shade frame and slide the shade into place.

3C

3 Tighten both #8-32 set screws using the provided 5/64" Allen wrench. Gently tug on the shade to verify that it is secured.
