

# Corva Wall

700WSCRWV\_

1.1

## WALL COLLECTION

### GENERAL PRODUCT INFORMATION:

This product can mount to either a 4" square electrical box with round plaster ring or an octagon electrical box.

This product is suitable for damp locations.

This product can be dimmed with a standard incandescent dimmer.

**This product is designed for vertical mounting only. It cannot be mounted horizontally.**

#### CAUTION—RISK OF FIRE

This product requires installation by a qualified electrician. Before installing be sure to read all instructions and **TURN THE POWER TO THE ELECTRICAL BOX OFF.**

## Install the Fixture Base

- 1** Connect the green ground wire to a suitable ground in accordance with local electrical codes.
- 2** Connect the neutral 120 volt electrical box wire to the white lamp wire with a wire nut.
- 3** Connect the hot 120 volt electrical box wire to the black lamp wire with a wire nut.

- 4** Feed the wires and wire nut connections into the electrical box.
- 5** Line up two mounting slots with the two electrical box holes. If mounting vertically, make sure the fixture hooks point upward.
- 6** Level the mounting plate and secure it to the electrical box with the two Long #8-32 screws provided.

## Install the Lamp and Glass Shade

2A

**CAUTION:** To reduce the risk of a burn or electric shock during relamping, disconnect the power to the fixture by turning the wall switch off.

**NOTE:** Use only your fingers to replace the lamp.

Use **MAX** 120 Volt, **60 Watt** BT15 Medium Base Lamp.

**1** Screw the lamp completely into the socket.

2B

**2** Slide the shade hangers onto the fixture hooks.

**SAVE THESE INSTRUCTIONS!**
