Description

This indoor mini flush mount ceiling fixture makes it easy to decorate with exquisite style. Encased in elegant oval-shaped white alabaster glass sphere. Alabaster glass features beautifully unique patterned swirls. Thick and durable, alabaster diffuses light evenly in all directions and minimizes harsh shadows for a pleasantly uniform glow. Filtered light subtly accentuates swirls, resulting in charming wispy highlights. These gorgeous swirls make each alabaster shade one-of-a-kind and complementary to other alabaster shades wherever placed. Feel confident in your choice of classic elegance. Delight in traditional design that complements homestyle surroundings and décor. Beautifully even prairie rock finish is individually and expertly handpainted by master artisans. Stylish prairie rock showcases an organic, stone-like appearance with subtle luster and an exquisite look. Complements dining rooms, kitchens, and many other indoor areas.
