Location:

*Because Lighting Speaks Volumes*

## Description

Homey, boxed flush mount outdoor ceiling light. Embellished with curved wing-like design up top and encased in sparkling tapered box-shaped clear textured glass. Clear textured glass contains and obscures harsh light to produce a comfortable cozy ambience and home-style glow, all the while providing a dazzling, unique look. Constructed with rich solid black polycarbonate. Feel at ease with polycarbonate, the ideal choice for coastal areas. Upon exposure to wetness, dampness, or air with high salt content in the air, this material will not corrode, outperforming metal in durability, longevity, and cost-effectiveness. Trust in top quality polycarbonate to ensure long-lasting, exceptional protection of your product from the elements. Offers remarkable versatility for exterior and interior design. A stunning piece that imparts a fresh, rejuvenating, and open atmosphere both outside and within. Change up your exterior spaces with this look, or be unique—bring the outdoor look indoors. Illuminate your home with this stylish, beautiful piece.
