

INTRODUCING PRODIGY PLUS

The logo for Prodigy Plus features the word "Prodigy" in a bold, black, sans-serif font. Above the "i" in "Prodigy" are four small, green, circular icons. Below "Prodigy" is the word "PLUS" in a smaller, black, sans-serif font. A thin green horizontal line is positioned under the "P" in "Prodigy".

The Scotsman logo is located in a dark blue circular area at the bottom of the page. It features the word "Scotsman" in a bold, white, sans-serif font, with a registered trademark symbol. Below it, the tagline "ICE THE WORLD DEMANDS" is written in a smaller, white, sans-serif font.

Introducing Prodigy Plus

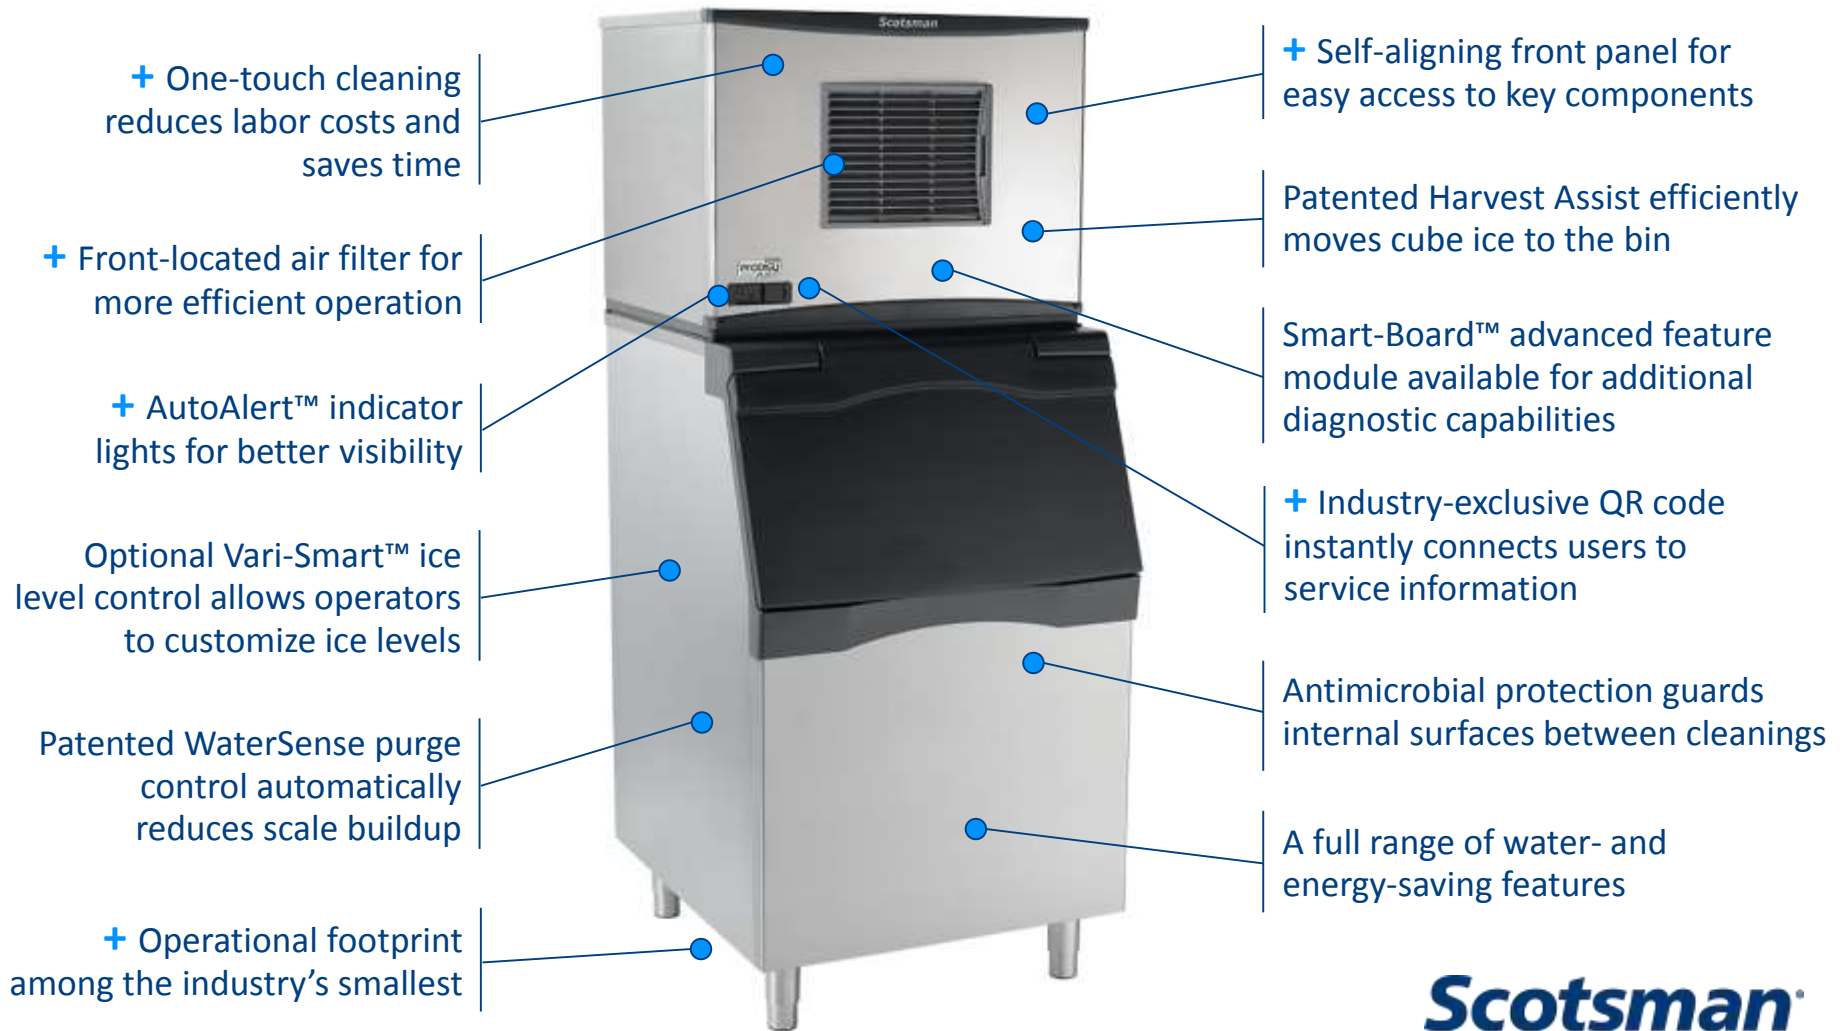

PRODIGY
PLUS

Born out of extensive market research, Prodigy Plus makes it easy to access key information, maintain your equipment and realize significant cost savings over time.

Scotsman
ICE THE WORLD DEMANDS

The Prodigy Plus difference

Scotsman
ICE THE WORLD DEMANDS

PRODIGY PLUS:
EASY TO SERVICE

Scotsman[®]
ICE THE WORLD DEMANDS

It's easy to *service*

Self-aligning front panel

- Easy maintenance with Prodigy Plus begins with the redesigned front panel
- More durable and robust, it features captured screws located within reach along the bottom of the panel
- Panel provides fast access to key components, including the diagnostics control board

Scotsman
ICE THE WORLD DEMANDS

It's easy to *service*

AutoAlert™

- Innovative LED indicator lights keep operators informed of unit's status
- Signals staff when it's time to descale, sanitize and more
- Relocated to the lower left corner of the panel for better visibility
- Each of the 4 lights labeled with an easy-to-identify icon

Instantly diagnose issues when warning lights appear.

It's easy to *service*

Quick Response (QR) code

- Every Prodigy Plus unit features a QR code that connects customers to vital information about their specific unit
- Helps reduce downtime and frequency of service calls
- Convenient front panel location eliminates need to remove unit's front cover
- Optional bezel cover available to prevent tampering or unauthorized access
- QR code leads to a warranty registration page, auto-populated with the corresponding serial number

Parts lists, cleaning instructions, manuals and warranty history are all available

Scotsman
ICE THE WORLD DEMANDS

It's easy to *service*

Smart-Board™ advanced feature module

- Optional advanced feature provides NAFEM data protocol on screen for early alert and fast diagnosis of operating issues
- Allows for programming bin levels, checking cleaning history and runtime, and more
- Technicians can download data directly through the USB port, or use the serial number to check performance via a dedicated website
- Scotsman can retrofit existing field units with this exclusive technology

PRODIGY PLUS:
EASY TO CLEAN

Scotsman[®]
ICE THE WORLD DEMANDS

It's easy to *clean*

Front-located air filter

- Air filter has been relocated to the front on all 22" and 30" air-cooled Prodigy Plus cubers, making access quick and easy for all Prodigy Plus units
- Ensures proper clearance and breathability for maximum energy efficiency
- Easily rinsed and reused, and also dishwasher safe

Better visibility keeps regular cleaning top-of-mind for employees

Scotsman
ICE THE WORLD DEMANDS

It's easy to *clean*

One-touch cleaning

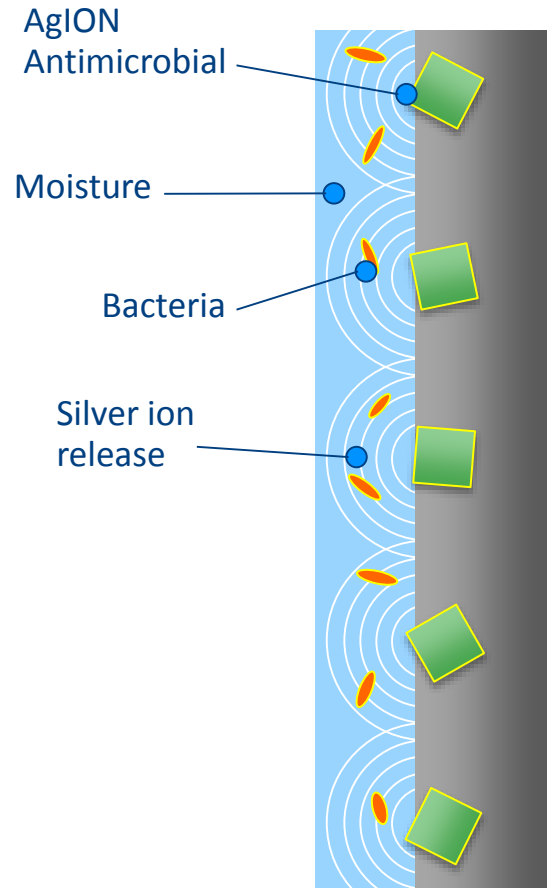

- Scotsman makes ice head cleaning more efficient than ever with Prodigy Plus one-touch cleaning capability on cubers
- Employees can start the cleaning process with a single push of a button
- No additional selections or time-consuming oversight required; simply power machine back on after cleaning cycle is complete

It's easy to *clean*

Built-in antimicrobial protection

- Prodigy Plus units are designed to ensure customer safety at all times, even between cleanings
- Scotsman products feature AquaArmor with AgION™, a silver-based antimicrobial compound molded directly into key components
- Helps inhibit the growth of undesirable microbes, bacteria, mold and algae

Scotsman
ICE THE WORLD DEMANDS

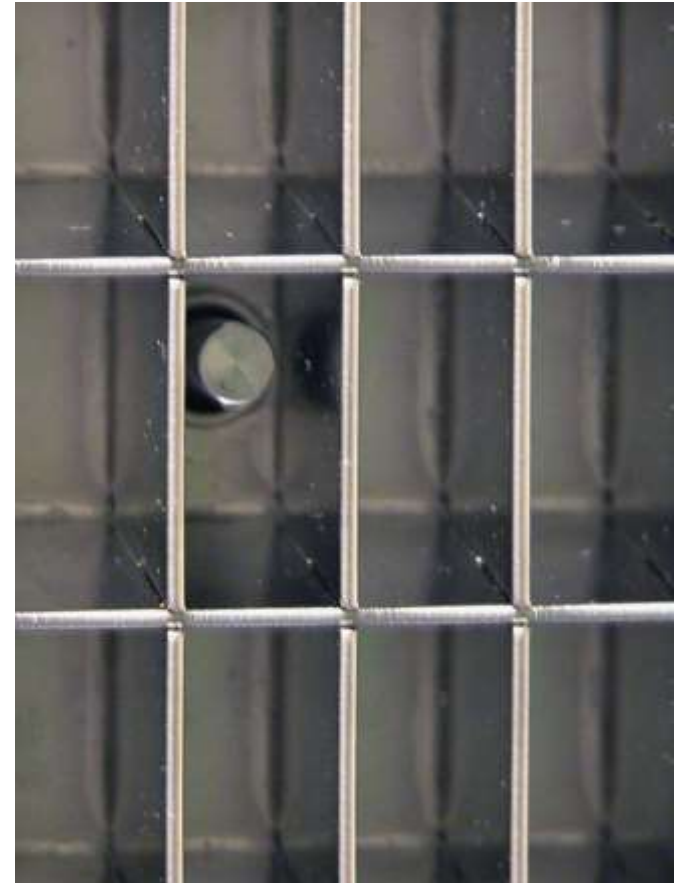

PRODIGY PLUS:
EASY TO OPERATE

Scotsman[®]
ICE THE WORLD DEMANDS

It's easy to *operate*

Patented Harvest Assist

- Once ice cubes form within the evaporator plate, a patented process using a minimal amount of hot gas and an exclusive probe ensures that ice is easily and efficiently delivered to the bin.
- Uses minimal energy

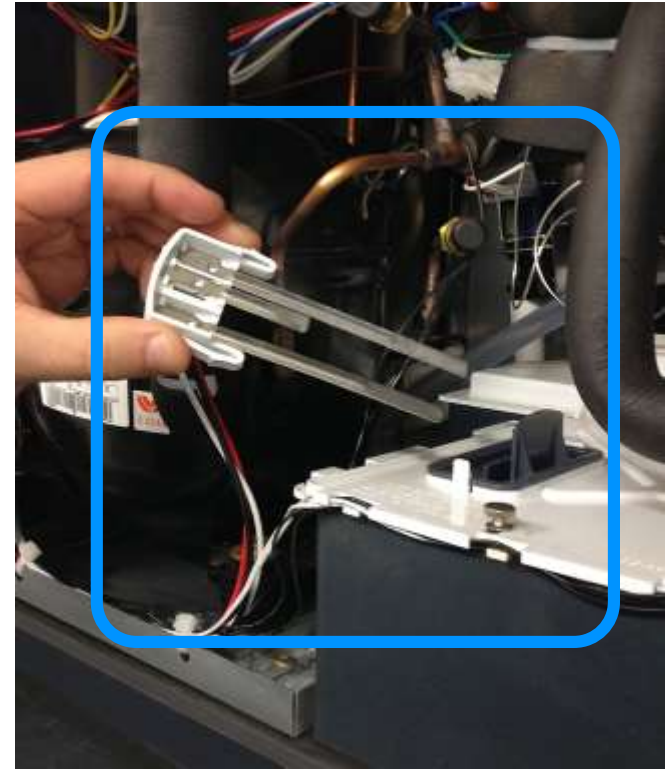

Scotsman
ICE THE WORLD DEMANDS

It's easy to *operate*

Patented WaterSense Technology

- Automatically adjusts based on water supply quality
- Exclusive feature helps reduce scale buildup for more sanitary ice
- Reliable sensor adjusts water purge at end of each cycle to flush excess minerals
- Automatically flushes the system to extend time between cleanings
- Operators can save water and energy where water conditions are better filtered by recirculating clean, pre-chilled water back into the ice-making process

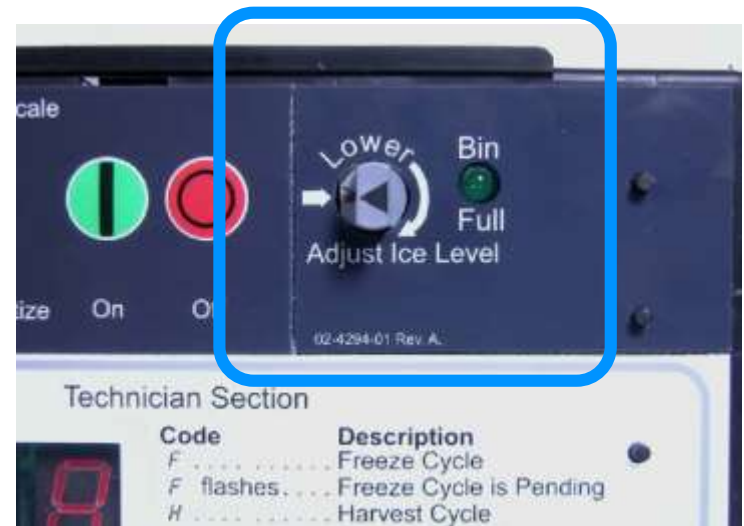

Scotsman
ICE THE WORLD DEMANDS

It's easy to *operate*

Vari-Smart™ ice level control

- Optional ultrasonic ice level control sensor allows operators to manually adjust ice levels
- Keeps just the right amount of freshly made ice in the bin
- Helps save water and energy
- Connects to existing controller

Ideal for seasonal changes in ice needs or if you're planning to sanitize the bin. Also provides faster ice turnover or for operating your machine in lower-cost energy periods.

It's easy to *operate*

Smaller operational footprint

- Thanks to the newly relocated air filter on cubers, all Prodigy Plus 22" and 30" units now require minimal side clearance
- Allows machine to be placed directly beside walls and other equipment, maximizing valuable kitchen space
- Many Prodigy Plus models feature the smallest operational footprints in the industry

Scotsman
ICE THE WORLD DEMANDS

It's the *complete package*

COMPARE
AND SEE
THE DIFFERENCE

	 EXTERNAL INDICATOR LIGHTS Quickly alert employees to potential maintenance needs	 MACHINE- SPECIFIC QR CODE TECHNOLOGY QR code connects directly to warranty and technical data	 FRONT PANEL ACCESS TO KEY COMPONENTS Easy-to-remove front panel allows for quick serviceability	 ONE-TOUCH CLEANING Start the ice head cleaning process with a simple push of a button; no time-consuming oversight required	 AUTOMATIC PURGE CONTROL Senses and purges excess minerals after every freeze cycle	 ELECTRONIC- ASSISTED HARVEST ASSIST No energy wasted moving ice to bin	 ULTRASONIC BIN LEVEL CONTROL Ensures the right amount of ice is available, every time
