Tilo

CATALOG NUMBERS: CF130

FINISHES: APPLIANCE WHITE, BRUSHED STEEL & OIL RUBBED BRONZE

STYLE: CONTEMPORARY COLLECTION

DIAMETER: 30" WITH 3 BLADES

MOTOR WARRANTY: LIMITED LIFETIME

MOTOR

- High quality and reliable 150 x 10 mm size, 14-pole performance motor.
- Extremely quiet operation using superior triple capacitor for starting and controlling speed.
- Four forward and four reverse speeds.
- Additional quality control steps are taken to inspect for noise in a sound room.
- Stator dip reduces wire chatter and electrical shorts.
- Vertical and horizontal motor balancing for fan balance and quiet operation.
- Listed for damp locations

HOUSING

- High quality, carbon stamped steel fan housing, switch cup and ceiling canopy.
- Rounded fan housing is compact yet stylish to fit most decors.
- All manufacturing steps undergo continuous quality inspections.
- Optional light fixture (LK130) sold separately.

BLADES

- High quality, curved plywood blades with 18" blade pitch.
- All blades are balanced to within one gram, thus ensuring wobble-free operation.
- Blades are hand-made by a high quality, custom blade manufacturer.

HANGING SYSTEM (Downrod only)

- Hanging ball and bracket are both made of die-cast zinc for durable wear. The industry uses a stamped steel bracket and plastic ball, which wears quicker and does not control wobble.
- 42" wire leads accommodate up to a 3' downrod with no splicing required.
- Extra safe, triple-locking unthreaded downrod system.
- Snugger style application for low ceiling applications.

CONTROL

- SW46 wall control included.
- Four fan speeds.
- Decorative faceplate included.
