

## Kable Lite 2" x 4" Rectangular Power Feed Canopy Single-Feed

### DESCRIPTION

A single-feed canopy is mounted to a wall or ceiling adjacent to the Kable Lite run. It can be used anywhere in the run. It brings power to the Kable Lite run from a remote single feed transformer (sold separately). The low-voltage leads from the remote transformer are connected to the canopy leads inside a standard single gang or gem box. The two leads from the canopy are 24" long and can be cut and bent in the field. To drop the Kable Lite system farther down from the ceiling, add a pair of hardwire feeds (sold separately).

### INSTALLATION

Mounts to a standard single gang or gem box (provided by electrician).

### OTHER INFORMATION

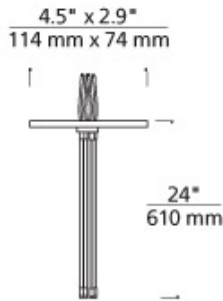

Black and white finish have chrome feeds. For use with a single-feed remote transformer (sold separately).

### WEIGHT

0.3lb / 0.14kg
