### PRODUCT DESCRIPTION

Designed with the thinnest profile in the industry, the Solorail™ Starter Kit features a low voltage monorail system bendable in the field and designed to navigate curves for custom designs. Accommodates three appealing Quick Connect™ pendants or fixtures and eight feet of Solorail™.

#### Kit Includes

- 3 4 foot rail sections
- 2 "I" connectors
- 2 End caps
- 1 250W surface mount electronic transformer
- 5 4½" standoff supports

### SPECIFICATIONS

**Elements:** The LM-SK-250E may use any elements, either track heads or pendants, from the WAC Quick Connect™ family. Elements attach to the rail with Quick Connect™ QADP adapters. The Quick Connect™ elements and adapters are sold separately.

**Transformer:** The 12 volt electronic low voltage transformer provided with the Monorail Kit contains auto reset, soft start, and short circuit protection features to extend lamp life and performance.

**Standards:** UL & CUL listed

### FEATURES

- Use with any combination of pendants or fixtures totaling 250W
- 1 watt minimum load for compatibility with LED lamps and fixtures
