Kensington

When designers set out to create a hardwood line with the perfect color palette, Kensington and Buckingham are your results. Each color was created with its own unique multi-layer staining process until it was the perfect shade. We chose Kensington for our Unleashed line because its beautiful colors, impressively wide 8" planks and wire-brushed texture are the perfect transition between Unleashed carpets. The durable White Oak can take any and all pet or human traffic, and the six cool tones blend well with the pet-friendly carpets when they're used as area rugs. For warmer tones, check out Buckingham.
