CBF Series Residential Backwash Filtration Systems

Applications:

Water Treatment

CBF Series

At a Glance:

CBF Series Residential Backwash Filtration Systems feature a fully automatic and highly dependable control valve, which helps minimize energy and water waste. These systems are designed to accommodate a variety of media to help address your specific water improvement needs.

Product Benefits:

- Premium water-efficient control valve manufactured from composite materials and designed to provide high flow rates over a wide range of applications. Provides long-lasting operation and is fully adjustable, allowing maximum flexibility for specific water conditions and usage patterns.
- Reliable design provides fully automatic operation and simple programming for ease of use.
- Washed quartz underbed provides extra filtration and enables proper cleaning of filter media.
- Unique bypass valve allows the use of untreated water for utility purposes such as watering lawns and gardens.
- New dome hole versions available, designed for easier media replacement

Product Specifications:

Model No.	el No. Media Min. Space Required W x D x H	Min. Space Required	Flow Rate	
iviodei No.		Service	Backwash	
CBF100/CBF100DM	1.0	10" x 16" x 53" (25.4 cm x 40.6 cm x 134.6 cm)	5 gpm (19 lpm)	5.3 gpm (20.0 lpm)
CBF150/CBF150DM	1.5	10" x 16" x 63" (25.4 cm x 40.6 cm x 160.0 cm)	7 gpm (26.5 lpm)	5.3 gpm (20.0 lpm)
CBF200/CBF200DM	2.0	12" x 16" x 63" (30 cm x 40.6 cm x 160.0 cm)	9 gpm (34 lpm)	7.5 gpm (28.4 lpm)

Media Selection:

Media	Application	
Activated Carbon	Chlorine Taste & Odor, Organics, Dechlorination	
Activated Carbon for Chloramine	Chloramine Taste & Odor, Organics, Dechlorination	
Neutralizer Blend	pH adjustment when pH is appx. 6.0 - 6.5	
Filter Sand	Precipitated Iron, Turbidity	
Filter-Ag®	Turbidity Reduction (20 micron)	
Birm ^{®4}	Iron (Water must be rich in dissolved oxygen)	
Calcium Carbonate (Calcite)	pH adjustment	
Magnesium Oxide	Increase pH	
Multilayer	Turbidity, Sediment & Chlorine Taste and Odor Reduction	
Greensand ³	Precipitated iron, Manganese & low Hydrogen Sulfide	

- CBF series filters could be used to neutralize acid water. However, Aqua-Pure® APUN Series filters are better suited for this purpose.
 When using Filter-Ag or Filter Sand for the reduction of turbidity, the suspended solids causing the turbidity must have a density less than the material being used as a filtering agent.
- 3. May require use of a solution tank and a change to the controller. Contact Technical Service for more information.
- 4. BIRM: Not for sale in CA

IMPORTANT

 \triangle WARNING: To reduce the risk associated with the ingestion of contaminants:

 Do not use with water that is microbiologically unsafe or of unknown quality without adequate disinfection before or after the system.

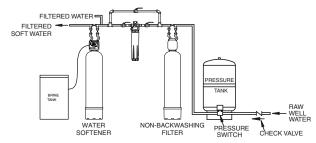

CAUTION: To reduce the risk associated with property damage due to water leakage:

 Read and follow Use Instructions before installation and use of this system.

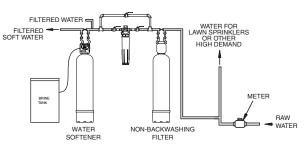

3M Purification Inc. recommends regularly scheduled maintenance and replacement of the filter media in order for the product to perform as advertised/sold. 3M Purification Inc. shall not be liable for system failures due to improper maintenance.

Typical Installation:

WELL INSTALLATION

PUBLIC WATER SUPPLY INSTALLATION

CAUTION: These diagrams shown are for reference purposes only. Read installation and operation manual prior to installing the unit.

Limited Warranty:

3M Purification Inc. warrants this Product to be free from defects in material and workmanship during normal use for the warranty period set forth below. The warranty period commences from the date of purchase. This warranty does not cover failures resulting from abuse, misuse, alteration or damage not caused by 3M Purification Inc. or failure to follow installation and use instructions. No warranty is given as to the service life of any filter cartridge, membrane, or media as it will vary with local water conditions and water consumption. 3M PURIFICATION INC. MAKES NO OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR ANY IMPLIED WARRANTY OR CONDITION ARISING OUT OF A COURSE OF DEALING, CUSTOMER OR USAGE OF TRADE. If the Product is found defective within the warranty period, your exclusive remedy and 3M Purification Inc.'s sole obligation shall be, at 3M Purification Inc.'s sole obligation shall be, at 3M Purification Inc.'s sole obligation.

Warranty Period: One (1) year on the entire product unit; Five (5) years on the mineral tank only (does not include internal component parts); Five (5) years on the control valve; and Five (5) years on salt storage container and components

For additional information, see the entire Limited Warranty located in the product Installation and Operating Instruction manual.

Limitation of Liability: 3M Purification Inc. will not be liable for any loss or damage arising from this 3M Purification Inc. product, whether direct, indirect, special, incidental, or consequential, regardless of the legal theory asserted, including warranty, contract, negligence or strict liability. Some states and countries do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.
