

Mounting Instructions

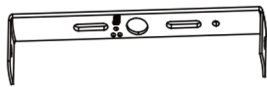

Assembly Instructions

1. Turn off the power to the outlet by switching the breaker in the electrical panel to off.
2. Screw the two mounting screws (#1) into the mounting bracket (#2). Mount the mounting bracket (#2) to the outlet box (#3) using the two mounting screws. Make sure the heads of the mounting screws (#6) are facing outside when the mounting bracket (#2) is attached to the outlet box (#3).
3. Connect the ground wire from the fixture to the ground wire from the outlet box (#3). Connect the white wire from the fixture to the white wire (neutral wire) from the outlet box (#3). Connect the black wire from the fixture to the black wire (live wire) from the outlet box (#3). Cover the connections using the wire connectors (#4). Wrap the wire connections with electrical tape for a more secure connection. Position the wires back inside the outlet box (#3). Note: If you have electrical questions, consult your local electrical code for approved grounding methods.
4. Place the canopy (#5) over the mounting bracket. Attach the screws (#6) to secure the canopy.
5. Installation is complete. Turn on the power at the circuit breaker or fuse box. Turn the light switch on to activate the fixture.
