

ARTERIOS

DOLMA DINING TABLE BASE

WINDSOR SMITH

DS2012

H: 29 IN, Dia: 50.00 IN

Gold Leaf

Contract Recommendations: Untempered glass

Our mantra in creating this basket-inspired weave was a marriage of global craft and modern geometry. Cast aluminum hexagons are combined into a circular form and then plated with brass and polished to a high sheen. This makes for a very dramatic entry table. Base only. Think of this as jewelry for the home.

APPEARANCE

Material	Aluminum, Glass
