

GAIA CHANDELIER

DM177
Antique Brass
H: 50 IN
Dia: 36.00 IN

Like the rings found in a natural agate stone, hand-formed accents of antique brass-plated aluminum add depth and interest to this dramatic fixture. Adorning a bronze-plated steel drum shade, the bold motifs hint at botanical abstraction while delivering moody, ambient light. Damp-rated, although limited covered outdoor areas may affect finish. Finish will vary.

CONTRACT: Suitable As Is
