Swirl

H: 7 IN

W: 12 IN

D: 4 IN

A three-dimensional oval of matte swirl glass is held by white leather-wrapped supports. Inspired by the prong setting on a pearl earring, the fixture's smoothness contrasts perfectly with the tactile leather. Placed on a base of antique brass-plated steel with ridged details, this single LED fixture is ideal for placement along a hallway or long wall. Damp-rated, although limited covered outdoor areas may affect finish. Finish will vary.
